FOR IMMEDIATE RELEASE:

T-Pro® Bold™ 2.0 Collection by Travelpro® Represents Next Generation of Action Luggage Including Spinners

--Perfect for Travelers with a Sense of Adventure--.

Boca Raton, FL – January 5 , 2016 – The T-Pro® Bold™ 2.0 Collection by Travelpro® is ready to go anywhere in the world at a moment's notice, over rough terrain or down busy city streets. Amazingly durable, lightweight and versatile, this 9-piece collection is perfect for individuals and families with a sense of adventure. Loaded with extras, creature comforts and flexible packing options, Bold 2.0 embodies Travelpro's next generation of action luggage.

"Travelpro has always prided itself on design innovation and durability in crafting the finest luggage for the experienced traveler," said Scott Applebee, Vice President of Marketing for the Travelpro family of brands. "The T-Pro Bold 2.0 Collection is sporty and also includes two spinner models, which adds to our long tradition of quality luggage."

Made of high-density polyester fabric with a water-repellent coating for greater stain and abrasion resistance, this rugged line features a comprehensive offering, including Spinner and Rollaboard® models, a backpack, a soft duffel bag and two drop bottom rolling duffel bags. Multiple carry handles make the luggage easy to transport in and out of a car or airplane overhead bin. The drop bottom rolling duffel models include a zippered divider panel for two separate packing spaces or, if opened, one large main compartment. The backpack, 22" Rollaboard and 21" Spinner models provide a padded tablet pocket for protection and easy access during travel. An "intelligent" interior on Spinners and Rollaboard models offers packing flexibility with a mesh pocket and wet pocket, ideal for toiletries or wet clothing, built into the lid.

Available in distinctive blue and purple fabric colors with black accents, the T-Pro Bold 2.0 Collection includes 21" and 26" dual spinner wheel models that allow an effortless roll in any direction, making it easier than ever to maneuver through crowded airports and airplane aisles. Moreover, an aircraft-grade aluminum telescoping handle system is strong enough to support a tote or case, and protective wheel housings, skid guards and molded rubber corner guards for crash protection. Compression straps provide extra security, while a hidden back pocket allows quick access to keys, electronic cables, phones and more.

For additional information on the T-Pro Bold 2.0 Collection or any other of Travelpro's expansive lines of outstanding luggage, please contact mario@gohrhc.com or call 305-573-0882.

About Travelpro

For over 25 years, Travelpro International has prided itself on design innovation and durability in crafting the highest quality luggage for travellers worldwide. Since transforming the ease of modern day travel with The Original Rollaboard® wheeled luggage, Travelpro® has been the brand of choice for flight crews and frequent travelers on every continent. The company is dedicated to building a lifelong relationship with its customers by consistently meeting and exceeding their expectations. Travelpro was honored to once again be voted as the "World's Best Luggage", by Premier Traveler Magazine in 2014.
