Surprise them with one of these amazing products that will guarantee their next trip is a pleasant journey: **Atlantic® Unite™ 2 21" Expandable Spinner; Travelpro® Platinum® Magna™ 2 Checkpoint Friendly Business Brief; Travelpro® Platinum Magna™ 2 Spinner Tote; Travelpro® Maxlite® 4 21" Expandable Spinner; or T-Pro® Bold™ 2.0 by Travelpro® 26" Drop Bottom Rolling Duffel.**

"Sometimes it's important to think 'outside the box' and Valentine's Day is the perfect occasion to do that. Wives, husbands and loved ones will never forget your thoughtfulness if you present them with one of our outstanding briefs, duffels or Spinner luggage on this special day," said Scott Applebee, Vice President of Marketing for the Travelpro family of brands.

Begin your search for the ideal present by considering the **Atlantic Unite 2 21" Expandable Spinner**, the newest offering from the market leader in lightweight, affordable luggage. The Unite 2 collection features unique design innovations that will amaze your loved ones such as the Link2Go™ System which connects spinner luggage together with Velcro straps, so you can easily push two pieces with one hand. This system gives traveling families the option to roll more pieces more easily by connecting luggage back-to-back, allowing them to roll through busy airports with much less effort. But the exciting new features don't stop there. How convenient would it be to charge your smart phone or tablet while traveling? Atlantic has solved that problem with the addition of an external USB port and integrated battery pouch which provides convenient access to power electronic essentials on the move.

Just as brilliant is the **Travelpro Platinum Magna 2 Checkpoint Friendly Business Brief**, with a slim design which easily fits beneath most airplane seats. The checkpoint-friendly design allows you to pass through security without removing your laptop and has features such as a padded laptop and tablet sleeve. A built-in organizer in the front pocket holds keys, pens, business cards and other business essentials. In addition, an RFID blocking interior pocket keeps credit cards and passports hidden to protect against identity theft. Constructed with rugged, fashionably textured nylon fabric with water-, stain- and abrasion resistant DuraGuard® coating, this brief features stylish leather accents that add luxury you are sure to appreciate.

The Guide continues to wow with the **Travelpro Platinum Magna 2 Spinner Tote**, a carry-on piece which fits in most airplane overhead bins and is ideal for 1-2 day trips. This multi-purpose tote is perfect for efficient travel and as a daily briefcase to roll to and from the office. The padded corduroy laptop and tablet sleeves fit most 15.6" laptops and standard size tablets, while the built-in organizer holds keys, pens, business cards and other business

essentials. An RFID blocking interior pocket keeps credit cards and passports hidden to protect against loss and identity theft and an extra front pocket allows for quick access to small items. The dual wheel Spinner System features patented MagnaTrac™ magnetic wheels that instantly align to always roll straight.

Lighter and stronger than ever, the **Travelpro Maxlite 4 21" Expandable Spinner** allows you to travel with more comfort and convenience than you could ever imagine. Weighing less than six pounds, this spinner features the patented Contour Grip which provides more comfort and control for easy mobility through busy airports. Maxlite 4 makes travel a pleasure, rather than a hassle, because every piece is tested to our most demanding standards and backed by our reassuring Lifetime Warranty.

The **T-Pro Bold 2.0 Collection by Travelpro** is ready to go anywhere in the world at a moment's notice, over rough terrain or down busy city streets. Amazingly durable, lightweight and versatile, the **26" Drop Bottom Rolling Duffel** is the ultimate gift for individuals and families with a sense of adventure. Made of high-density polyester fabric with a water-repellent coating for greater stain and abrasion resistance, this rugged duffel features multiple carry handles which make it easy to lift in and out of a car. It includes a zippered divider panel for two separate packing spaces or, if opened, one large main compartment.
