Savvy Travelers to Showcase at 2016 International Travel Goods Show in Las Vegas

Los Angeles, CA – (March 7, 2016) – The 2016 International Travel Goods Show is hosted by the Travel Goods Association to highlight the manufacturers, distributors, retailers, promoters, sales representatives and suppliers in the travel industry. The International Travel Goods Show is the world's largest trading show for travel products with more than 40,000 products represented. The Las Vegas Convention Center (located at 3150 Paradise Road, Las Vegas, NV) is hosting the event this year from March 8 – March 10, 2016 and Savvy Travelers will be in booth #2155 showcasing the full product line creatively by simulating the inside of an airplane and highlighting the many germ spots on a plane. Bringing in actual vintage airline seats and props to make buyers get the real travel/flying experience, and see the many uses for Savvy Travelers on-the-go products.

Among the 4,000 expected attendees, Savvy Travelers will be demonstrating how to stay healthy while traveling. Attendees can learn important facts about germs and why every on-the-go woman needs to carry Savvy Travelers luxe cosmetic sheets.
