

## Eagle Creek Introduces New Pack-It Specter Tech™ for Fall 2017

*Can there ever, really, be enough styles?*

**San Diego, Ca. (October 12, 2017)** – With the unbridled success of the new Pack-It Specter Tech™ Series, customers are demanding access to all their favorite styles in the new Specter Tech fabrication.

Designed with premium features for the outdoor adventure customer, the new Specter Tech™ collection offers ease of access with dual zippers, climbing rope inspired pulls, content visibility, webbing handles and long lasting durability. A new proprietary ultra-light bluesign® fabric was engineered to provide maximum strength while also addressing the sustainability values held by Eagle Creek customers.

Available in both individual styles and a variety of sets and capacities to handle any packing list, the new Specter Tech™ keeps you traveling smoothly and confidently.

Colors: Black/White, White/Strobe, and Indigo Blue.

The new Pack-It Specter Tech™ styles are available now on [eaglecreek.com](http://eaglecreek.com).
