FOR IMMEDIATE RELEASE

## **CORE GAMING ANNOUNCES MAJOR RE-SUPPLY OF POPULAR GAMING BACKPACKS**

### **Award-Winning Backpacks for Hardcore Gamers**

ANAHEIM, CA (April 28, 2022)—CORE Gaming announced today a major resupply of its award-winning [CORE Gaming Backpacks](#) and [CORE Gaming Tactical Backpack](#). Made from the same ballistic nylon used by the military and law enforcement, these backpacks are for gamers serious about protecting their gear.

Two of the backpacks are new to the growing CORE Gaming product lineup: the CORE Gaming Tactical Backpack and the [CORE Gaming Backpack Special Edition with White Trim](#).

“The family of CORE Gaming backpacks is popular with gamers of all types and abilities. We’re thrilled to have them all back in stock and available,” explains Paul June, VP of Marketing for [CORE Gaming](#). “They’re all award winners. Each has been named a [TWICE](#) VIP Award Winner, as voted by consumer tech retailers and distributors. The CORE Gaming Backpack won when it debuted in 2017 and the CORE Gaming Tactical Backpack won in 2021.”

The rugged **CORE Gaming Backpack** is a gamer’s take on a classic backpack design. The backpack offers spacious storage for laptops up to 18-inches and gaming consoles like the Xbox One, PS4, and Nintendo Switch, plus smartphones and tablets. Four external zippered pockets are perfect for a gaming mouse, cables, chargers, and even personal items. Inside, there’s a fleece-lined pouch for a tablet or e-reader, a headphone holder, and plenty of space for extra gear. One of the backpack’s favorite features is a built-in, external USB port. Coupled with an internal power bank (sold separately), users can charge their phones or other devices without opening the backpack.

The CORE Gaming Backpack comes in three versions. While the interior of each is the same, the exteriors showcase unique design features:

- With its molded front panel, the [CORE Gaming Backpack w/Molded Panel](#) offers a sleek, industrial look.
- The hook and loop panel on the [CORE Gaming Backpack w/Velcro Panel](#) is perfect for attaching favorite school, team, and corporate logos.
- The [CORE Gaming Backpack Special Edition with White Trim](#) is lined with distinctive white trim and piping in place of the standard CORE Gaming “red” highlights while being held in limited quantities.

The **CORE Gaming Tactical Backpack** is for truly hardcore gamers who don’t do anything halfway. The backpack features a frameless design, padded shoulder straps, and a moisture-wicking back panel for comfort while carrying. Highlights include special sections for gaming laptops and consoles, plus external webbing that can hold removable “MOLLE” pockets (sold separately). A water-resistant, tear-proof, hideaway rain cover puts this backpack over the top for gamers seeking protection from the elements.

Like all CORE Gaming products, the CORE Gaming Backpacks and CORE Gaming Tactical Backpack come with a 100% customer satisfaction guarantee.

**Editor’s Note: SAMPLES ARE AVAILABLE FOR REVIEW. Supplies are limited.**
