FOR IMMEDIATE RELEASE

CORE GAMING PARTNERS WITH AROZZI TO BOOST GAMER PRODUCTIVITY AND COMFORT

Ergonomic, Performance Gear for Gamers Who Want the Best

ANAHEIM, CA (May 5, 2022)—[CORE Gaming](#) partners with top gaming suppliers around the world to offer essential gaming gear that's been vetted for quality, performance, and style. One of CORE Gaming's partners is [Arozzi](#). Founded in Sweden in 2013, Arozzi produces desks, chairs, headsets, glasses, and other top-performing accessories for serious gamers.

"Gamers want to be the best of the best. They like to compete," says Brian Hutchins, VP Arozzi North America. "All of our products—from our ergonomic desks and chairs to protective eyewear and Hi-Fi headsets—are designed to boost gamer productivity and comfort, and to do it with style."

Built to last, gamers can sit in comfort with Arozzi's newly upgraded [Forte Gaming Chair](#). It sports a soft pleather exterior and is padded with cold-molded foam for extra comfort. Other features include a steep recline of 165°, a rocking function that tilts the seat and backrest up to 12°, and a tough metal frame that supports up to 265 lbs.

Durability and manageability best describe [Arozzi's Arena Gaming Desk](#). Rated one of the top gaming desks by [IGN.com](#), it's high on simple aesthetics and functionality. The Arena's large top is 5-feet-3-inches by 2-feet-8-inches and features a full-surface desk mat that's water-resistant and machine washable. Additional highlights include cutouts for cables and monitor attachment, plus a cable management basket and sturdy steel legs.

The [Arozzi Favo RgB Gaming Mouse](#) is a favorite among gamers. This featherweight Mouse has a powerful Pixart 3389 sensor and Omron 20M switches. Its honeycomb pattern provides ventilation that keeps palms cool and fresh. The Favo also comes with RGB lighting that can be controlled directly on the mouse.

Not just for gamers anymore, [Arozzi's Visione collection of protective eyewear](#) can reduce eye soreness and fatigue from extensive gaming or computer screen use. Glasses in the collection are CE approved and FDA registered. These glasses block up to 50% of shortwave blue light and protect from potentially harmful UV rays. They're a must for anyone who spends a lot of time in front of a computer or mobile screen.

With aluminum frames, the [Arozzi Aria Gaming Headset](#) is built tough to withstand the rigors of both mobile gaming and enthusiastic gameplay. Hi-Fi capable with 50mm drivers for amazing quality and immersive in-game audio, they're ideal for when a set of earbuds just won't do.

"We're proud to include Arozzi gear as part of the CORE Gaming family of products," says Paul June, VP of Marketing for CORE Gaming. "We know gamers and we know they're looking for the gear they can count on. With CORE Gaming and Arozzi, that's what they're getting — and it's all backed by a 100% customer satisfaction guarantee."

Editor's Note: SAMPLES ARE AVAILABLE FOR REVIEW. Supplies are limited.

About CORE Gaming

[CORE Gaming](#) launched with the 2017 debut of the award-winning CORE Gaming Backpack, which soon became the cornerstone of CORE Gaming's product family. This lineup of smartly-designed gaming products has evolved to feature an expanded roster of [CORE Gaming Backpacks](#) and [mobile power accessories](#), [Alienware](#) bags, and top gaming desks and chairs, headsets, and controllers from partners [Alienware](#), [Arozzi](#), [HyperGear](#), [Lucid Sound](#), [Patriot Viper](#), and [Power A](#), among others. CORE Gaming represents performance, reliability, and style for gamers of all types and abilities around the globe—and it's all backed by a 100% customer satisfaction guarantee.
